The Project and the Concept

This school year, season 2017/2018 we have expanded our course offerings in “Afrocuban Dance” to include a new and very intensive concept. The idea was born during the last Festival Cuba Baila 2017. Generally, during the courses, we learn beautiful dance combinations, good technique, etc, but the dances, the Orishas dancing to music, with your own interpretationwe rarely get to these.

Here is our **new concept**:

We are going to offer super intensive AfroCuban dancing over several weekends!

10 hours AfroCuban dance on one weekend (Sat/Sun) with the focus on one Orisha:

Course 1: 2 hours / day: **teacher oriented lessons** with technique, dance combinations, etc

Course 2: 3 hours / day: **interpretation of the Orishas** in groups and individual work.
(Sat 3-5 hours // Son 2-3 hours)

We will also be learning about the various Orishas and will be able to build on what we have learned. In addition to “active” dancing, there will be also a “theory” part. On Saturday evening, we will discuss the Santería in general, the individual Orishas and the multi-faceted rhythms and singing, as well as providing information materials.

Main teacher for the active dancing will be „Yoyo“ Yorgenis Danger.

We will try to work with live percussion throughout the sessions. However this cannot be guaranteed.

Project Terms and Conditions

Of course we would prefer that those who are interested can participate on all weekends, in order to better progress. Generally this is not a problem of interest but of time.
